# *Introduction*

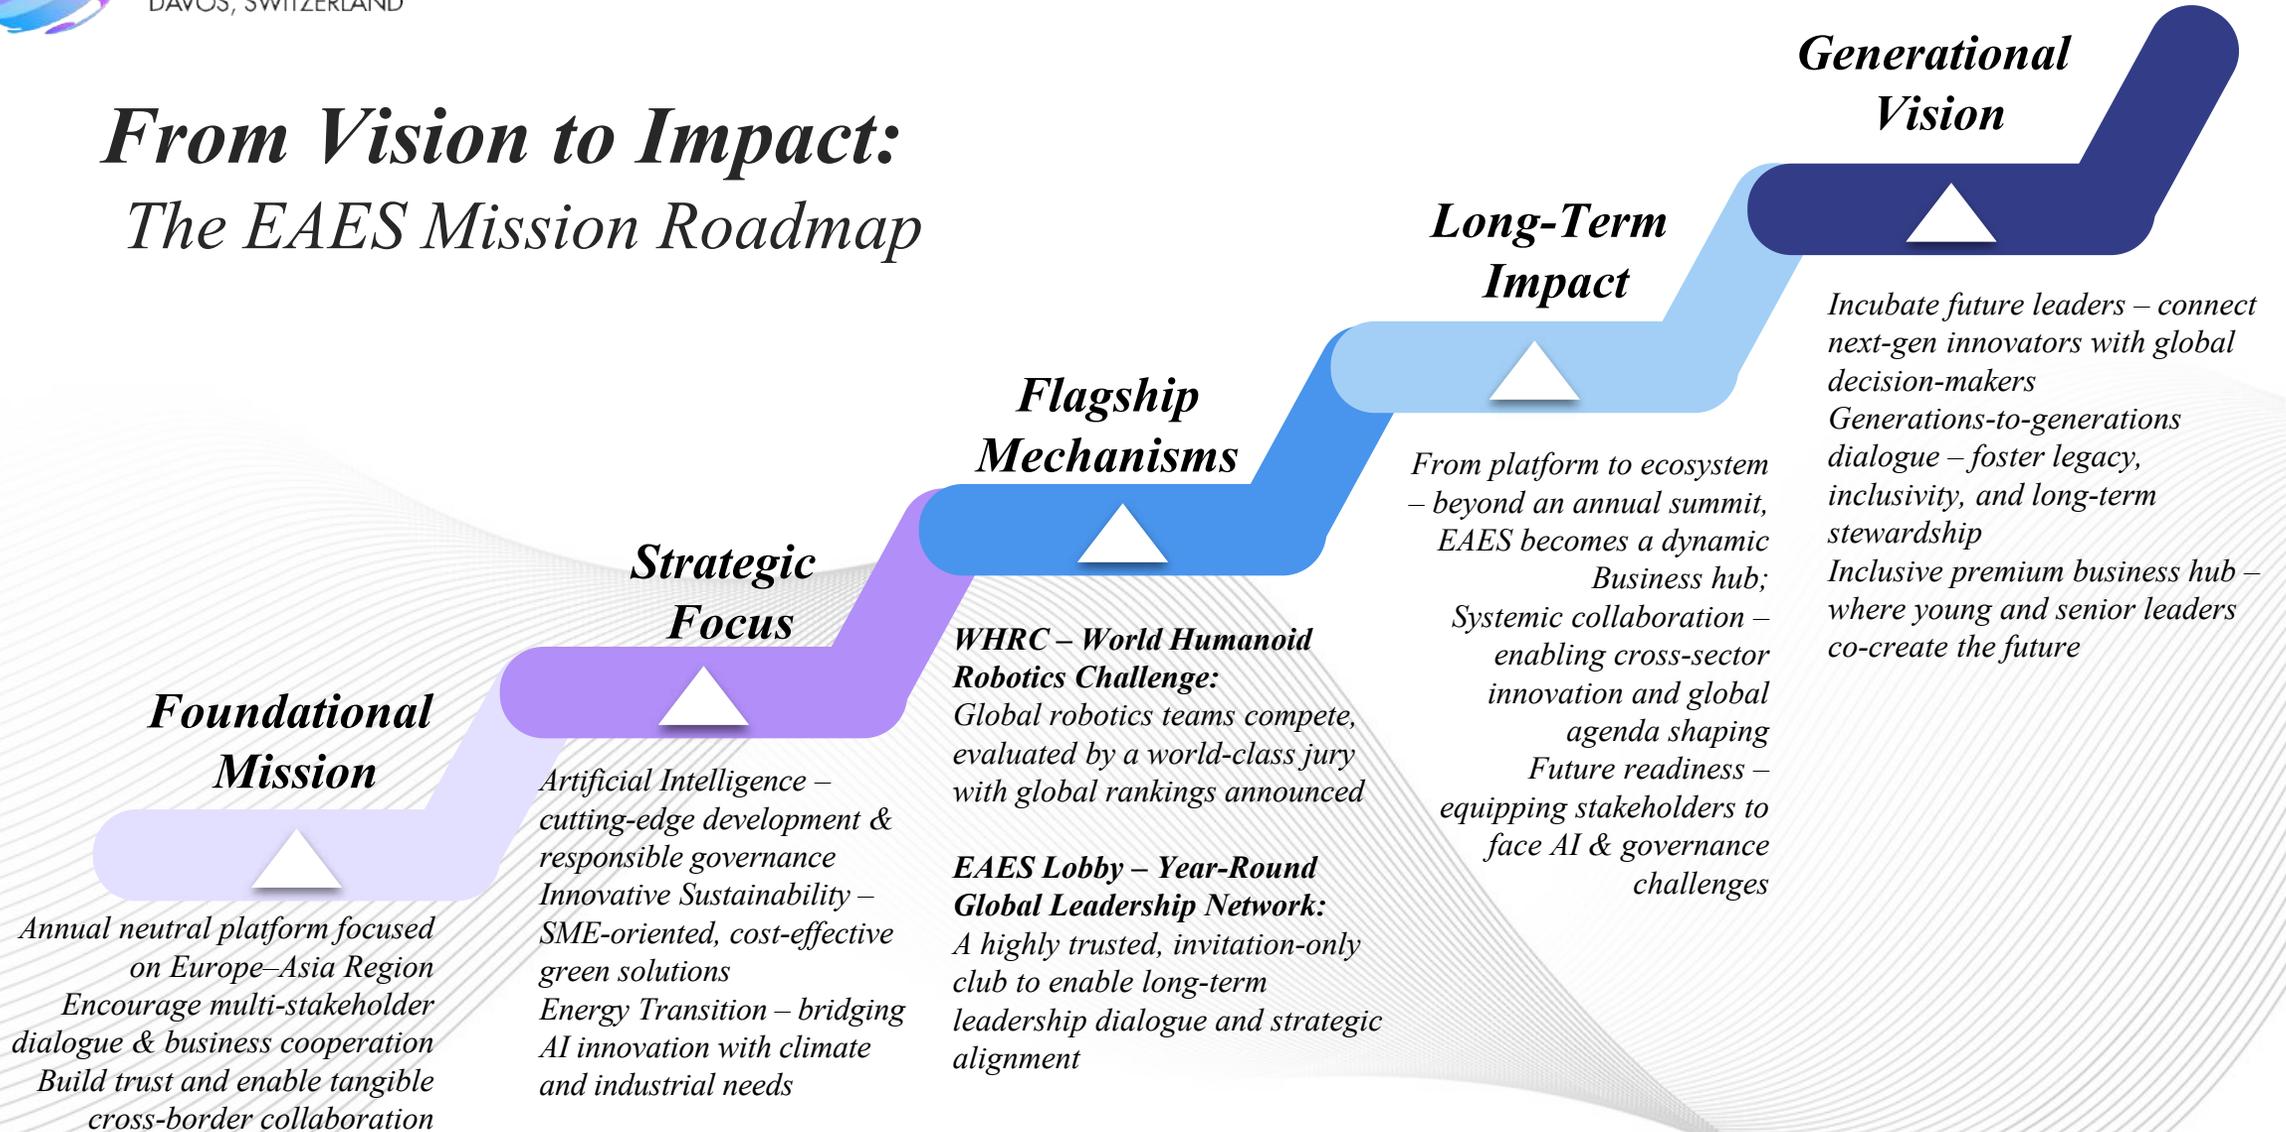

*The Europe Asia Economic Summit (EAES) is a **strategic non-profit** project, initiated by Destination Davos Klosters and supported by the City of Davos, with the aim of building a non-political, neutral and influential **business hub** connecting Europe and Asia to foster cross-continental collaborations*

*With a central focus on AI, cutting-edge technologies, and sustainable innovation, EAES gathers top decision-makers from governments, companies of all sizes, and world-class research institutions to address key topics such as energy transition, digital economics, resilient supply chains, and intercultural leadership.*

# *From Vision to Impact: The EAES Mission Roadmap*

# *Future Vision of EAES*

**2025**

***Foundational Year:***

*Host the inaugural summit; Chinese humanoid robot made their debut on the stage of EAES.*

**2026**

***Structuring Year:***

*Introduce three thematic days; Explore Robotics Innovation Center, under the framework of Int'l Robotics Council*

**2027**

***Expansion Year:***

*Launch EAES Regional Series; elevate robotics competition to global ranking event*

**2028-  
2029**

***Consolidation:***

*Establish EAES Global Research Office or Think Tank; publish annual trend report; reach 1,000+ participants annually*

**2029 -  
2035**

***EAES will be***

*the world' premier neutral business hub for AI and innovative sustainability, remaining a practical and action-oriented platform for cross-continental collaboration.*

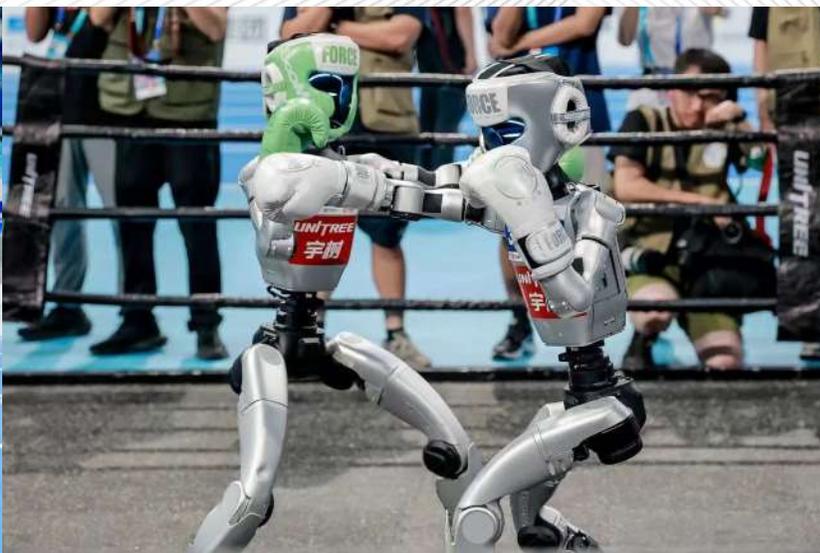

# *Flagship Features of EAES 2026*

**Humanoid Robotics Showcase – *From Lab to Real World***

**Startup Pitch Arena - *Awarding Innovation for Tomorrow***

**Investment Forum - *National Spotlights on Opportunity***

**EAES Lobby - *An exclusive club for strategic dialogue and global influence***
