**STORY**  
R. GULER. Photograph. Chur.

A hand-drawn architectural sketch of a village. The central focus is a large, rectangular building with a vibrant red facade and a dark roof, rendered with bold black outlines. To its right and in the background, several smaller, similar buildings are sketched in shades of blue and purple. The entire scene is set against a backdrop of loose, gestural lines in purple and blue, suggesting a landscape or a network of paths. The overall style is expressive and artistic, typical of a conceptual architectural drawing.

A scenic landscape at sunset or sunrise. The sky is a mix of orange, pink, and purple. In the background, there are silhouetted mountains. In the middle ground, a grassy hill has five cyclists riding their bikes across it. In the foreground, a calm lake reflects the sky and the cyclists. The overall mood is peaceful and active.
