For new customers, the validity of the graubündenCARD in all participating snow/mountain sports regions begins on 1 May 2026. Previous graubündenCARD holders can continue to travel directly upon purchase.

6. Refunds

A refund (partial refund) of the sales price of the graubündenCARD will only be made in the event of accident, illness or death as well as in the event of official closure of the cable cars as a result of a pandemic. Refunds can **only** be made by the **company** from which the **graubündenCARD was purchased**.

Pandemic

If the entire service (entire scope of validity) is officially ordered to close as a result of a pandemic, the cable car company from which the graubündenCARD has been purchased will grant the following refund:

$$\text{Pass price paid} \div 365 \text{ operating days} \times \text{days lost}$$

The condition for the refund is that the entire scope of validity of the 2026/27 pass is affected by the closure. The days lost are based on 365 operating days. Days lost as a result of the purchase date will not be taken into account in the calculation.

The refund will only be granted in the form of a **credit upon purchase of the next 2027/28 pass**. This does not necessarily have to be the graubündenCARD but must be a pass sold by the company that originally sold the graubündenCARD. No cash refunds will be given. The graubündenCARD does not have to be returned in the event of a pandemic and can, if possible, continue to be used until the end of the period of validity after the official closure has been lifted.

This applies exclusively to graubündenCARD 2026/27 (purchase) and 2027/28 (credit).

Accident, illness or death

A **medical certificate** must be presented in the event of an accident or illness. The date of the medically confirmed accident/diagnosed illness or the day after the last use of the pass is taken as the basis for calculating the amount of the refund. The graubündenCARD must be **returned** within **two weeks** of the accident or the diagnosed illness, at the latest by 30 April, **together with the purchase receipt**, to the **cable car company** from which the **pass was purchased** (can also be returned by a third party).

A suspension or temporary deposit of the graubündenCARD is not possible.

Upon payment of the refund due to accident, illness or death, the graubündenCARD is cancelled/blocked. The cancellation shall be carried out by the cable car company providing the refund, which shall at the same time instruct the billing office to issue the blocking notification. The pool administration department must then be provided with a copy of the refund receipt, a copy of the medical certificate and the purchase receipt by the cable car company providing the refund.

The following applies to **refunds** due to **accident, illness or death**:

Date	Refund
before 31 October	80% of the purchase price
before 30 November	70% of the purchase price
before 31 December	60% of the purchase price
before 31 January	45% of the purchase price
before 28/29 February	30% of the purchase price
after 1 March	No refund
